The WBPSA Food SI exam pattern 2023 comprises two primary phases. Initially, candidates undergo a written examination, and upon successfully qualifying in the written phase, they advance to the subsequent interview round.

## WBPSA Food SI Exam Pattern 2023 - Written Examination

The written examination consists of a single paper encompassing two subjects:

## WBPS Food SI Exam Pattern 2023 - 100 questions in 90 minutes

1. General Studies
2. Arithmetic

Further elaboration of the exam pattern are as follows:

- This paper is graded out of a total of 100 marks, with each subject accounting for 50 marks.
- Candidates are allotted 1½ hours, equivalent to 90 minutes, to complete the examination.
- Furthermore, the exam format involves multiple-choice objective-type questions.

Now, let's delve into the details of the personality test.

## WBPS Food SI Exam Pattern 2023 - Personality test

The personality test takes into account the following aspects:

- The personality test carries a weightage of 20 marks.
- A predetermined number of candidates, selected on the basis of merit from the written exam results, will receive invitations for the personality test.
- The final merit list will be formulated by amalgamating the marks obtained in the written examination and the personality test.
- The Commission reserves the right to establish qualifying marks for the written examination, personality test, and the overall aggregate as deemed necessary.

Now that you have a grasp of the WBPS Food SI exam pattern 2023, let's delve into the details of the WBPS Food SI Notification.
